

Light-and-Shadow Sculpting 3.0 Reinventing the GAC MOTOR Design

The front face imposes an impressive and elegant visual impact. The design accentuates the beauty and strength of its own form.

Eagle Wing 3.0 Flying Dynamics Grille

Stylish Rearview Mirror Turn Signals

Hooked Whale Fin D-Pilla

Dazzling Matrix LED Headlights

Connected LED Taillights

Six Key Breakthroughs GAC MOTOR 270T Engine

Further Mixing

Max Power: 124/5000 (kW/rpm)

(Under comprehensive road conditions)

7L per 100km

High fuel efficiency

Max Torque: 265/1700-4000 (N-m/rpm)

The Bosch 2nd-gen high-pressure injection system adjusts the fuel spray based on the dimensions of the combustion chamber, implementing further fuel mixing.

More Stable Combustion

Multiple injections in a single cycle ensure the stability of combustion, accelerate catalytic converter ignition and reduce emissions and fuel consumption.

Better Distribution

The electronically controlled variable displacement oil pump provides better oil distribution and reduces fuel consumption by 2.5% during the NEDC cycle.

More Creative Technology

The patented GCCS combustion control technology increases the burning speed and reduces fuel consumption

Faster Response

The BorgWarner low-inertia electronically controlled wheeled eBooster delivers a faster transient response and peak torque at ultra-low speeds.

Higher Efficient Combustion

The DCVVT mechanism allows for higher efficient combustion, effectively increasing the moderate and low-speed torque and the high-speed power.

Hero Product Chassis, finely calibrated by Global Master Craftsmen

Revolutionized Dexterity

77m Ultra-short braking distance

2.58° Roll and

0.96° Brake dive angle

66km/h Double lane change max passing speed

0.088s Rapid steering response time74km/h Anti-rollover max speed

McPherson independent front suspension and multi-link beam independent rear suspension

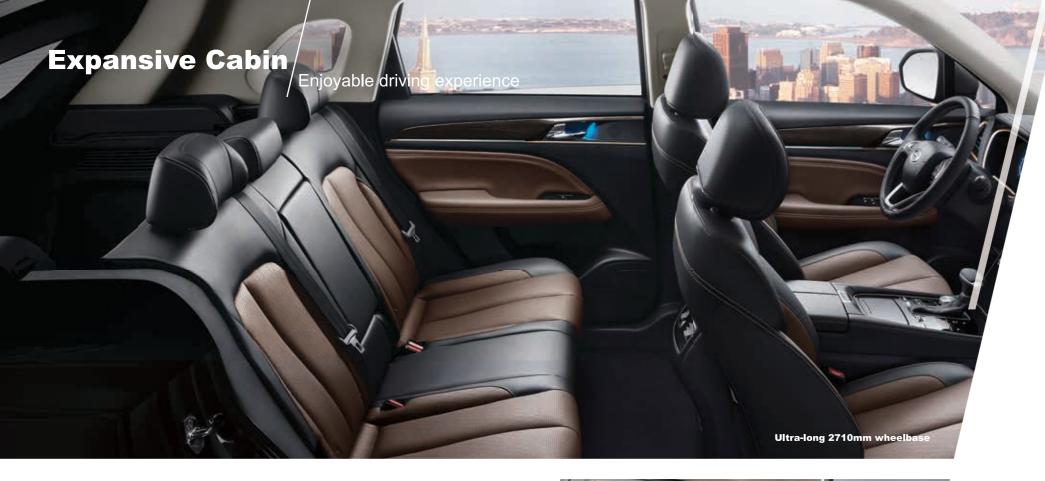

Aisin 6AT

- Quick shifting response, excellent fuel efficiency and worry-free driving experience.
- Low fuel consumption and fast shifting
- Self-learning and adaptive intelligent control
- New functions "Neutral Control" and "Start Stop"

High Performance Chassis

Calm and Confident in All Situations

Minimalist but Elegant Cabin, More Space for More Possibilities

The minimalist design combines practicality and beauty. By removing complexities and constraints, the vehicle maximizes its space, creating a spacious interior that is pleasing to sense and mind.

Split armrest design

Oversized trunk space and multifunctional seat arrangements

Rear seat height of 1019mm and backseat legroom of 985mm

 2. GAC MOTOR strive build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options or option packages are available separately and some may not be available in all regions of the country. Please consult your local GAC MOTOR dealer for more detailed information on the available options or option packages, including configurations, service, parts
- and accessories.

 3. Seathetts should be worn at all times.

 4. This brochure is for presentation purpose only. The included information, pictures, illustrations, features, design, performance, dimensions herein are intended only as a general guidance to assist the buyer to form an initial view of the offered product and its specifications, which might not correspond completely to a certain category. Some vehicles are shown with available equipment.

 5. All information presented herein is based on data available at the time of publication and is subject to change without prior notice and pertains specifically to Middle East region only (may differ in other regions).

 6. The vehicle which is shown in the brochure does not completely align with the actual model. Please contact your local GAC MOTOR cealer for more details about the actual models in your region.
- 7. The GAC trademark mark, vehicle model names, vehicle body designs and other marks and designs appearing in the brochure are the IP rights of GAC MOTOR, its subsidiaries, affiliates or licensors.
