SAFETY

**PREVENT.  
PROTECT.  
RESPOND.**

**SUBURBAN PROTECTS AND PREVENTS.**

1. Suburban has a fully boxed frame and reinforced safety cage with strategically placed crush zones to help maintain the integrity of the passenger compartment in the event of a collision.
2. A rear-view camera helps to make reversing into tight spaces a breeze.

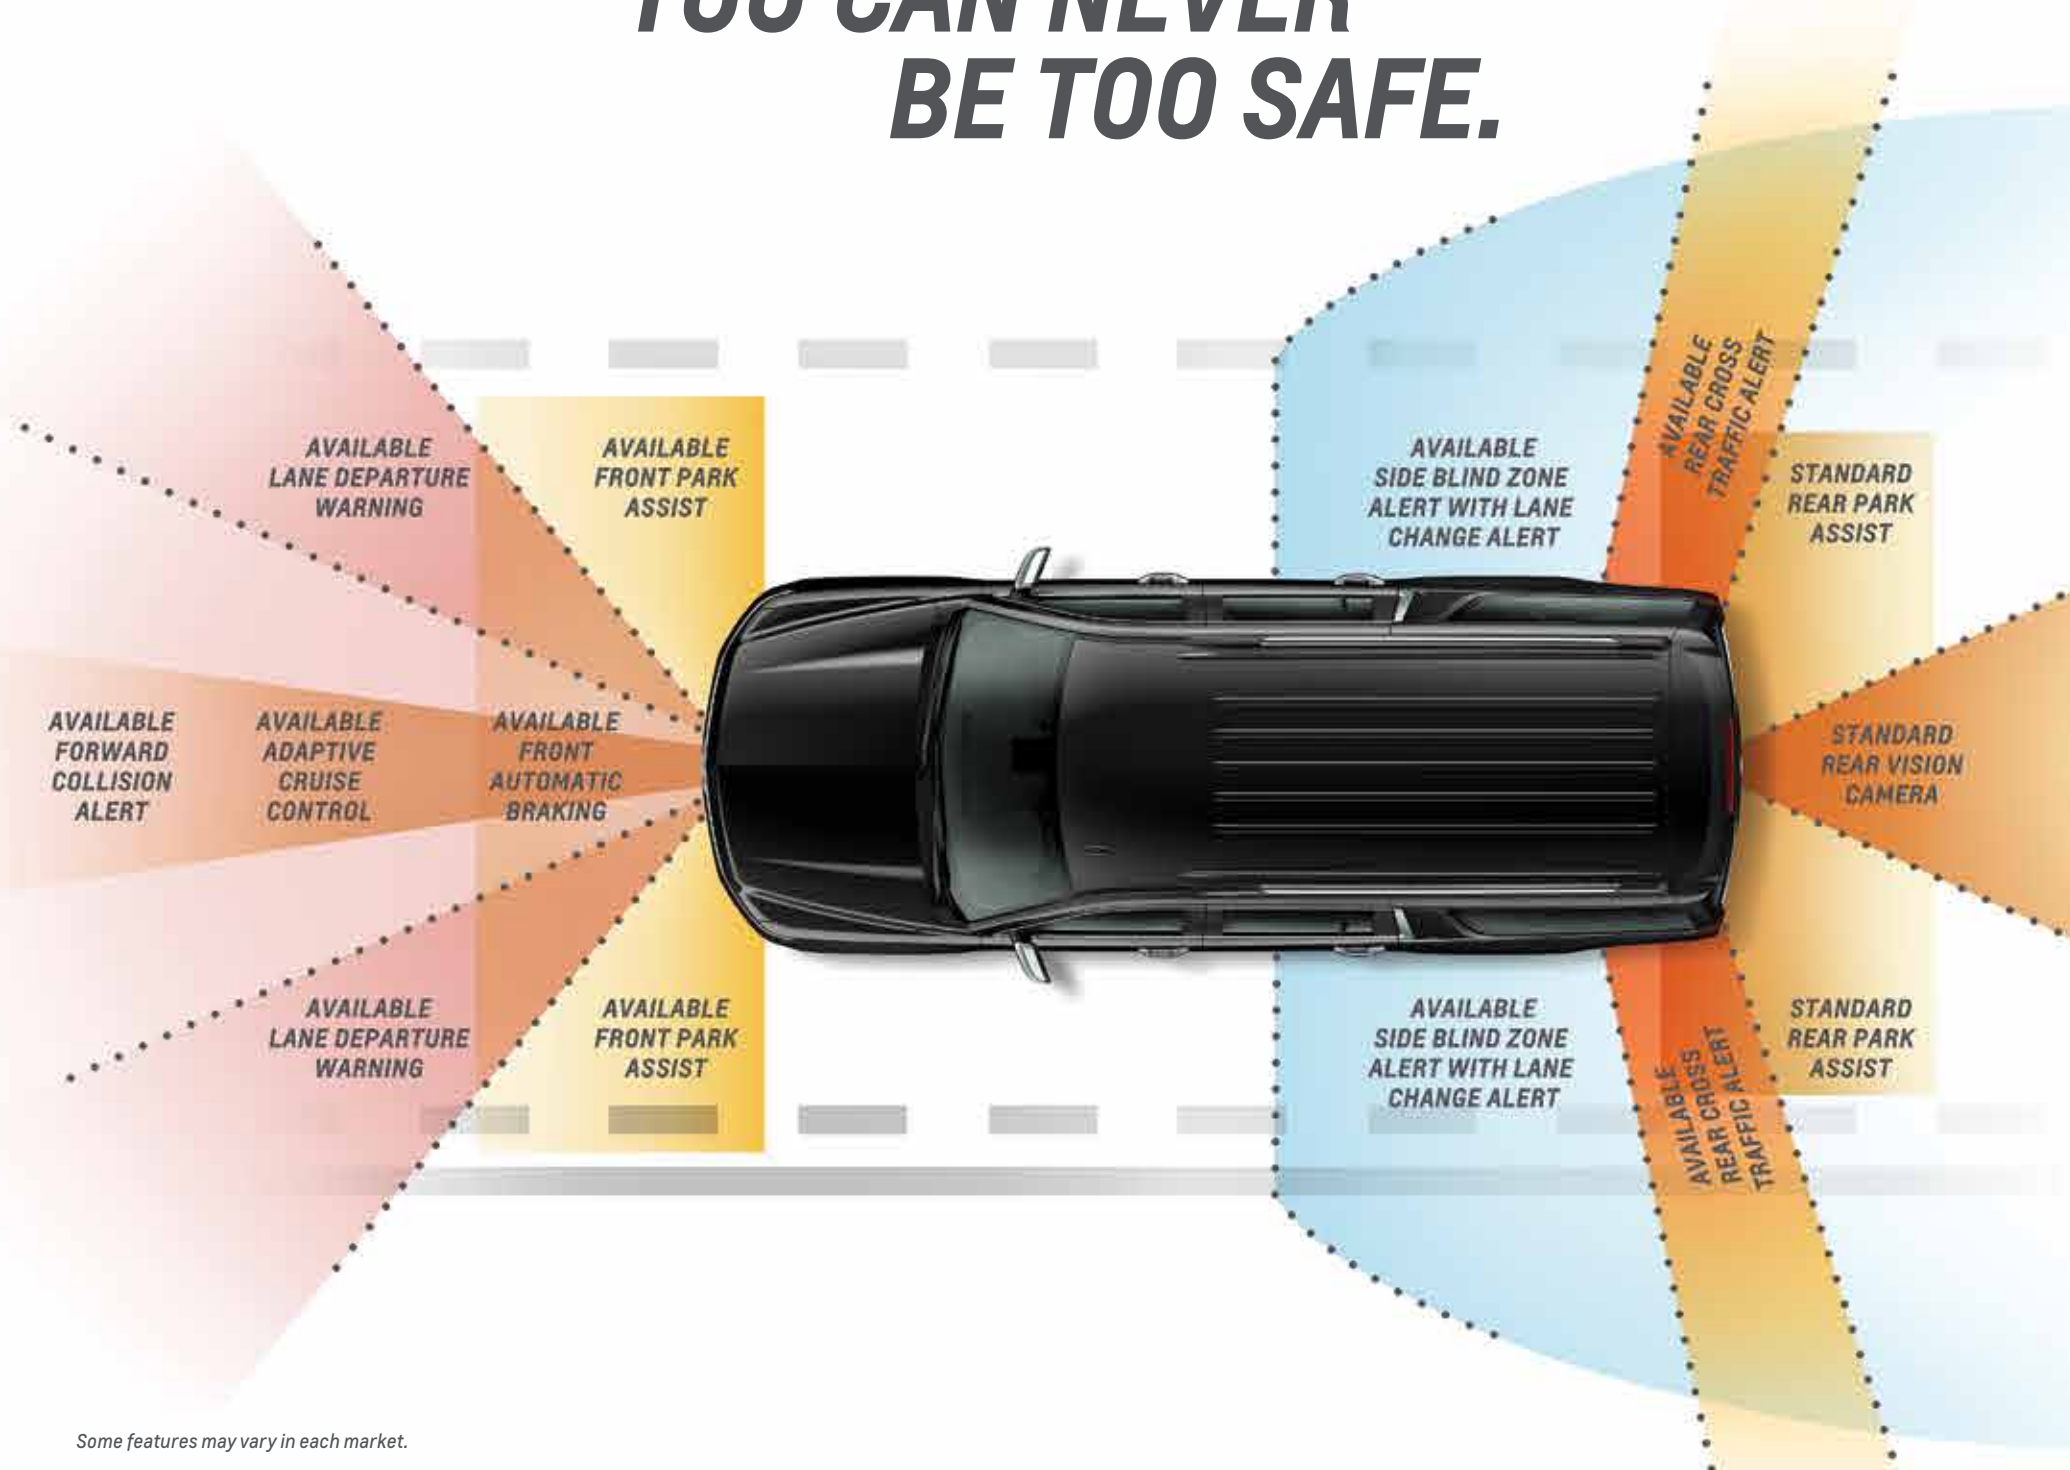

Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the Owner's Manual for more important safety information.

Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the Owner's Manual and the child safety seat instructions for more safety information.

Air bag inflation can cause severe injury or death to anyone too close to the air bag when it deploys. Be sure every occupant is properly restrained with seat belts. See the Owner's Manual for more airbag information.

# YOU CAN NEVER BE TOO SAFE.

Some features may vary in each market.

## YOU'RE SURROUNDED IN SAFETY.

A host of innovative driver assist technologies use strategically located cameras and radar sensors to warn you of potential risks on the road - or even in a parking lot.

### FORWARD COLLISION ALERT.

This available feature warns the driver of possible front end collision threats. Drivers can use the steering wheel controls to adjust the closing speed range of the system through a three way (far, medium or near) gap setting.

### LANE CHANGE ALERT.

Using a camera mounted on the rear view mirror, the lane keep assist activates when the vehicles strays out of its lane. This safety feature uses haptic inputs and steering assists to direct the vehicle back into its lane whilst alerting the driver. This feature only activates if the vehicles moves out of its lane without the use of the indicators.

## KEEP YOUR SUBURBAN SAFE AND SECURE.

### ADDED SECURITY.

Protect your investment with the GM class-exclusive, available Theft Protection Package that includes glass breakage sensors, interior motion detectors and a revolutionary inclination sensor that measures any tilt of the vehicle.

### UNDER LOCK AND KEY.

Side-cut keys and special interior door shields deter lock picking and prevent access with "slim jims." Plus, advanced door lock cylinders make it extremely difficult to gain entry.

***COST OF MAINTENANCE***

**MINIMAL MAINTENANCE.  
MAXIMUM ENJOYMENT.**

The Suburban delivers affordability well beyond the showroom floor — it's been designed and engineered with minimal maintenance features that keep you on the road for less.

The cam drive, cam phasing and valvetrain components require no scheduled maintenance.

The sophisticated cam-chain tensioner, high-quality cam phasing components and hydraulic lash adjusters are designed to ensure optimal valvetrain performance with no adjustment for the life of the engine.

Advanced control electronics and a wide range of sensors allow fail-safe systems, including ignition operation in the event of timing sensor failures.

Control software protects the engine from permanent damage in the event of complete coolant loss, allowing the engine to operate at reduced power for a prescribed distance sufficient for the driver to find service.

**SCHEDULED MAINTENANCE**

To complement Suburban's intelligent and protective engineering, regular scheduled maintenance will keep it running further and longer. To keep your vehicle in perfect condition, work should be carried out at regular intervals, according to the recommendations in your owner's manual.

**MENU PRICING**

As time and kilometers pass, certain wear-and-tear items will need replacing. Whether it's wiper blades, shock absorbers, or brake pads, it's all covered in Menu Pricing and our competitive prices will help you keep your Suburban on the road with minimal cost. Check with your dealer for details or log on to [chevroletarabia.com](http://chevroletarabia.com).
