

Foreword

Congratulations on acquiring your GAC Motor. Thank you for selection.

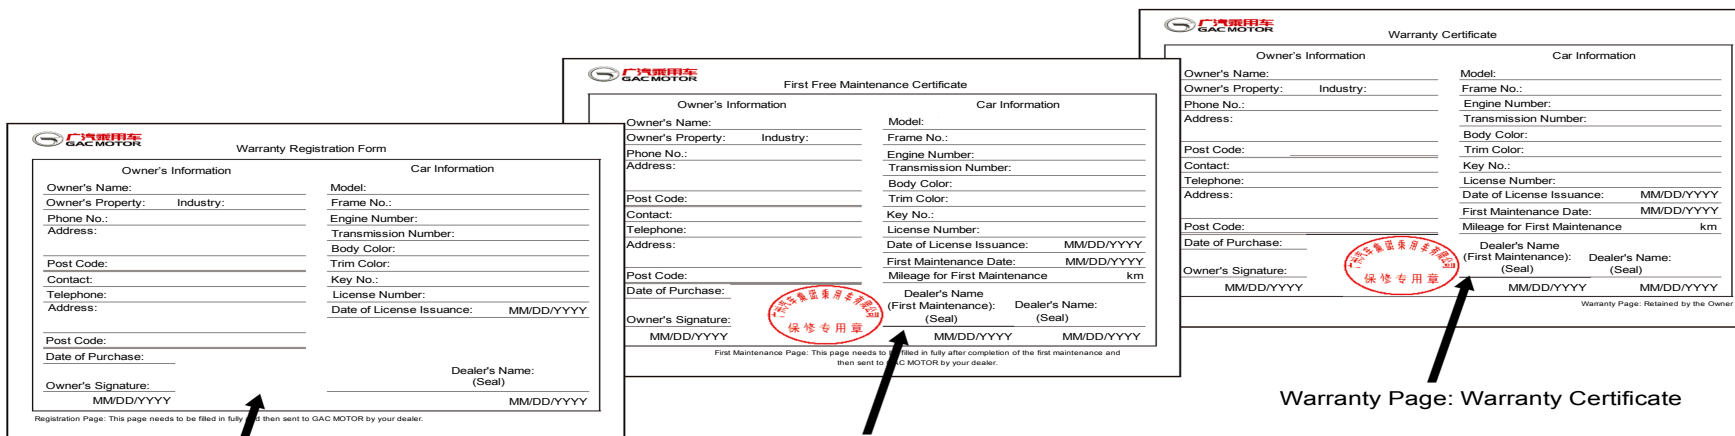

We are certain that it will give you years of driving pleasure. Please go to GAC MOTOR authorized dealer for routine maintenance according to the "Periodical Maintenance Table" of this Manual, to keep your vehicle at good conditions for a long term. The authorized dealer may provide quality service with reasonable price. The technicians who have been trained by GAC MOTOR will implement work based on the specified operation regulations.

This Manual serves as your vehicle's warranty certificate. Please fill in the Owner's Information, and keep this Manual. This Manual is required for maintenance and service at our authorized dealer.

We would like to extend our best wishes to you. We hope your GAC Motor will bring you a pleasant driving experience!

GAC Motor Co.,Ltd

This Manual serves as your vehicle's warranty certificate. For the items covered by the warranty, please handle them following the Quality Assurance Certificate and the Quality Assurance Instructions. Otherwise, follow this Manual. To ensure that you can enjoy the GAC MOTOR's warranty and maintenance services, be sure to assist the dealer filling in the Owner's Information of the Warranty Registration Form in this Manual when picking up the vehicle. Your failure to do so will void the warranty of the vehicle.

Warranty Registration Form

Owner's Information: Owner's Name, Owner's Property, Industry, Phone No., Address, Post Code, Contact, Telephone, License Number, Date of License Issuance, MM/DD/YYYY, Dealer's Name (Seal), Owner's Signature, MM/DD/YYYY.

Car Information: Model, Frame No., Engine Number, Transmission Number, Body Color, Trim Color, Key No., License Number, Date of License Issuance, MM/DD/YYYY, Mileage for First Maintenance, km.

Registration Page: This page needs to be filled in fully and then sent to GAC MOTOR by your dealer.

First Free Maintenance Certificate

Owner's Information: Owner's Name, Owner's Property, Industry, Phone No., Address, Post Code, Contact, Telephone, License Number, Date of License Issuance, MM/DD/YYYY, Dealer's Name (Seal), Owner's Signature, MM/DD/YYYY.

Car Information: Model, Frame No., Engine Number, Transmission Number, Body Color, Trim Color, Key No., License Number, Date of License Issuance, MM/DD/YYYY, Mileage for First Maintenance, km.

First Maintenance Page: This page needs to be filled in fully after completion of the first maintenance and then sent to GAC MOTOR by your dealer.

Warranty Certificate

Owner's Information: Owner's Name, Owner's Property, Industry, Phone No., Address, Post Code, Contact, Telephone, License Number, Date of License Issuance, MM/DD/YYYY, Dealer's Name (Seal), Owner's Signature, MM/DD/YYYY.

Car Information: Model, Frame No., Engine Number, Transmission Number, Body Color, Trim Color, Key No., License Number, Date of License Issuance, MM/DD/YYYY, Mileage for First Maintenance, km.

Warranty Page: Retained by the Owner.

Registration Page: Warranty Registration Form

Please provide it to the dealer who will tear it down and send to GAC MOTOR after the Owner's Information is completed when you pick up the vehicle.

First Maintenance Page: First Maintenance Certificate

To ensure that your car can enjoy the first maintenance for free, please check the availability of the First Maintenance Certificate when picking up the car. The car without such a certificate cannot enjoy the first maintenance for free and will void the warranty. Please refuse such cars.

Warranty Page: Warranty Certificate

To ensure that your car can enjoy the warranty, please check the availability of the Warranty Certificate. The car without such a certificate will void the warranty. Please refuse such cars.

1 Handover

1.1 Pre-Handover Inspection

Pre-handover inspection of the car described in the warranty certificate attached to this Manual has been completed in accordance with the provisions of GAC Motor Co.,Ltd. PDI checklist can be obtained from the dealer for details about the specific inspection items.

Inspection Date:

Inspector:

Dealer (seal):

1.2 Handover

Prior to handover, the GAC MOTOR dealer thoroughly checks and cleans the new car and provide the pre-handover checklist to the client for confirmation and signature.

If you are dissatisfied with the new car, please inform the dealer for re-adjustment.

Please check the availability of the First Maintenance Certificate and the Warranty Certificate when picking up the car. The car without these certificates cannot enjoy the first maintenance for free and will void the warranty.

Items provided together with the car (e.g., <input checked="" type="checkbox"/> Yes <input checked="" type="checkbox"/> No):

2 Warranty Description

2.1 Warranty Description

Implementation

By the dealers of GAC MOTOR.

The dealers are the service and sales agencies of GAC MOTOR in the said areas.

Dealers recommended by GAC MOTOR:

Dealer's Name: _____

Address: _____

Post Code: _____

Tel.: _____

Fax: _____

Objects

Vehicles manufactured by GAC MOTOR, sold by the dealers designated by GAC MOTOR and provided with warranty services.

 **Caution**

Failure to complete the Warranty Page and the Warranty Registration Form will void the warranty of the vehicle.

The warranty is provided to the owner of the new car (still valid within the warranty period even in case of owner change).

Warranty Period

The warranty period refers to the period or the mileage calculated from the date on which the dealer issues the invoice.

Basic warranty period for GS3: 60 months or 150,000 km whichever is earlier.

Warranty period of vulnerable and consumable parts:

Quality warranty period (whichever is earlier)	Quick-wear and Consumable Parts and Component
6 months / 10,000 km	Vehicle Battery, Remote Control Battery
3 months / 5,000 km	Air Filter, Oil Filter, Fuel Filter, A/C Filter, Bulb, Spark Plug, Fuse, and Tire
6 months / 5,000 km	Driving Belt, Friction Plate, Clutch Disc, Windshield Wiper, Brake Disc

GAC MOTOR provides repair services for free in case of any damage due to material quality or manufacturing process defects.

The GAC MOTOR dealer is responsible for repairing the car or replacing parts as per the warranty conditions in case of any defect during this period.

Warranty Scope

The warranty liability of GAC MOTOR lies in car repair, including:

1. Repair or replacement of parts deemed as defective by GAC MOTOR;
2. Repair of body paint deemed as defective by GAC MOTOR;
3. Man-hour costs required for above repair.

Warranty Conditions

1. In confirming the warranty, the GAC MOTOR dealer will consider the following factors. The warranty does not cover the following cases:

- a) The car used in the countries or regions outside the country of sale;
- b) The car used for renting;
- c) Damage due to maintenance, repair and commissioning at the places rather than GAC MOTOR dealer;
- d) Damage due to using parts, grease or liquids not provided by GAC MOTOR;
- e) Damage due to omission, incorrect handling, violation of driving methods designated in the User's Manual or beyond limits of cars by GAC MOTOR (such as beyond maximum load, seating capacity, etc);
- f) Damage due to use of corrosive or poor cleaning agent;
- g) Refitting, retrofitting, adjustment and removal forbidden in the User's Manual without prior permit of GAC MOTOR;
- h) Damage due to non-normal use, incorrect handling, omission, operation by disqualified or unskilled driver as well as use for competition (such as racing or rally racing);
- i) Sensory problems not affecting the performance.
 - Those not affecting quality, function or performance are beyond the warranty scope of GAC MOTOR.
- j) Any damage due to improper keeping or transportation;
- k) Any defect arising from natural disaster, fire, traffic accident, larceny and secondary damage caused by these disasters;
- l) Damage due to environmental conditions beyond control of GAC MOTOR (such as industrial air pollution, chemical compound, ornithocopros, sea salt or other corrosives);
- m) Damage arising as the time goes by (natural discoloration, peel-off of metal film on plating surface and other deterioration);
- n) Corrosion and fault due to partial or full water immersion;
- o) Surface corrosion due to uncontrollable falling rock or external scratches.

2. Warranty (excl. general maintenance), excluding maintenance of items such as engine oil and filter.
3. Warranty does not cover the following incidental charges.
For example:
 - Expenses for communication, conciliation, dining, accommodation, etc due to any fault;
 - Any related personal injury or property loss;
4. GAC MOTOR reserves the right to determine the repair methods and applicable warranty scope.
5. All the replaced parts and components within the warranty scope belong to GAC MOTOR.
6. Fuel, grease or liquids to be used shall be those specified by GAC MOTOR.

 **Caution**

To avoid any dispute related to the warranty, the client should note that:

- Failure to make regular maintenance and inspection at GAC MOTOR dealer as per the User's Manual and the Warranty Manual may result in dispute related to the warranty.
- The owner's intentional damage to original fault state in the case of any fault, which results in impossibility of fault identification or the owner's deceptive behavior may result in dispute related to the warranty.

2.2 Owner's Responsibilities

1. Receive the first maintenance at GAC MOTOR dealer within the mileage of 5,000km or 3 months.
2. Ensure maintenance and inspection of the car at GAC MOTOR dealer in accordance with regular maintenance provisions in this Manual.
3. Timely go to a GAC MOTOR dealer for inspection of any fault for possible free maintenance.

Caution

- Maintenance and repair at any place other than a GAC MOTOR dealer may result in the dispute related to warranty.
- Failure to make the first maintenance (within 5,000 km or 3 months, whichever is earlier) will void the right of the first free maintenance.

Please take along this Manual when going to a GAC MOTOR dealer.

2.3 Dealer's Obligations

The dealer is obliged to complete the maintenance information in this Manual and explain the maintenance procedure to the client when handing over the car to a client.

The dealer shall fully describe the importance of regular maintenance to the client.

Any maintenance and repair, no matter within the warranty scope or not, shall be completed in accordance with the standards specified by GAC MOTOR.

The dealer shall rectify or handle the damage or defect within the warranty scope for the client as required.

3 Maintenance Instructions

3.1 Agreement of First Maintenance

The first maintenance must be completed within 5,000 km or 3 months, whichever is earlier.

The first maintenance is made by GAC MOTOR for free. Please take along this Manual for the first maintenance at the dealer designated by GAC MOTOR. The first maintenance items include:

1. Replace engine oil and filter
2. Check and refill:
 - a. Transmission fluid
 - b. Coolant
 - c. Brake fluid
3. Check:
 - a. Charging conditions of the accumulator
 - b. Working conditions of the parking brake and brake pedal
 - c. Dust cover of transmission drive shaft for leakage or damage
 - d. The fixing bolt of the wheel for tightness
 - e. The tire/wheel hub (including spare tire) for wear and pressure (replace where necessary)
- f. The steering tie rod for secure connection
- g. Specific conditions of under-body
- h. Specific conditions of suspension ball joint and dust cover
- i. Specific conditions of suspension components
- j. Working conditions of windshield washer fluid (fill where necessary) wiper/washer unit (adjust nozzle where necessary)
- k. Working conditions of door checker, locking pin, door lock, engine hood/trunk lid hinge and lock catch
- l. Working conditions of interior and exterior lighting appliances and electric equipment
- m. Thickness and wear of the brake disc and brake lining
- n. Working conditions of the headlight
4. Clean:
 - a. A/C filter element
 - b. Air filter element
 - c. Drain hole of windshield water channel
5. Self-diagnosis: Check fault information with special diagnostic equipment

3.2 Periodic Maintenance

After inspection, perform as per the process of refilling, cleaning, washing, adjustment, lubrication, repair or replacement if necessary.

Maintain the car as per the specified mileage or time interval (whichever comes first).	Kilometer x 1000	20	40	60	80	100	120	140	160	180	200
	Number of months	12	24	36	48	60	72	84	96	108	120
★Replace engine oil	Replace it once every 5,000 km or 3 months										
Replace engine oil filter	Replace it once every 5,000 km or 3 months										
Check the spark plug	Every 20,000 km										
Replace the spark plug ^{*1}	Replace it once every 60,000 km (model with 1.3T engine)										
	Replace it once every 40,000 km (model with 1.5L engine)										
Check poly V-belt	Every 20,000 km or 12 months										
Replace the poly V-belt	Replace it once every 60,000 km or 36 months										
Replace fuel filter ^{*2}	Replace it once every 10,000 km										
Check and clean air filter element	Every 5,000 km or 3 months										
Clean air filter cover and replace air filter element	Every 10,000 km or 6 months (model with 1.3T engine)										
	Every 20,000 km or 12 months (model with 1.5L engine)										
Check cooling system for leakage and add coolant if necessary	Every 5,000 km or 3 months										
★Replace engine coolant	Replace it once every 40,000 km or 24 months										
Check transmission fluid (AT)	Every 5,000 km or 3 months										
Replace transmission fluid	Automatic transmission	Replace it after the first 60,000 km or every 40,000 km afterwards									
	Manual transmission	Replace it once every 50,000 km									
Check exhaust emission (check for leakage only; check the exhaust at the time of annual inspection)	Every 10,000 km or 6 months										
★Replace brake fluid	Replace it once every 40,000 km or 24 months										

Maintain the car as per the specified mileage or time interval (whichever comes first).	Kilometer x 1000	20	40	60	80	100	120	140	160	180	200
	Number of months	12	24	36	48	60	72	84	96	108	120
Check the parking brake and brake pedal (check the function and free travel of pedal and parking brake)	Every 5,000 km or 3 months										
Check the brake disc and brake lining (Check thickness and wear, and replace if necessary)	Every 5,000 km or 3 months										
Check wheel fixing bolts (Check and tighten as per the specified torque)	Every 10,000 km or 6 months										
Check tire/wheel hub (including spare tire) for wear, perform tire rotation if necessary and calibrate the tire pressure	Every 5,000 km or 3 months										
Check chassis bolts (check and tighten as per the specified torque)	•	•	•	•	•	•	•	•	•	•	•
Check brake system (check the brake fluid line for leakage and the brake fluid level, and add the fluid if necessary)	Every 5,000 km or 3 months										
Check steering tie rod (Check clearance and insecure connection)	•	•	•	•	•	•	•	•	•	•	•
Check underbody (check the fuel pipe, brake fluid pipe and protective cover for damage, and check the exhaust pipe for leakage and unreliable fixation)	Every 5,000 km or 3 months										
Check suspension ball joint for looseness, and dust cover for oil leakage	•	•	•	•	•	•	•	•	•	•	•
Check suspension components (check bushing for aging or damage; check the torque of bolts and nuts; check levers for deformation or cracks)	•	•	•	•	•	•	•	•	•	•	•
Check wiper/washer (add cleaning liquid, check function and adjust the nozzle if necessary)	Every 5,000 km or 3 months										
Clean drain hole of windshield water channel	Every 10,000 km or 6 months										

Maintain the car as per the specified mileage or time interval (whichever comes first).	Kilometer x 1000	20	40	60	80	100	120	140	160	180	200
	Number of months	12	24	36	48	60	72	84	96	108	120
Check door checker, locking pin, door lock, engine hood/trunk lid hinge and lock catch (check the function)	Every 10,000 km or 6 months										
Check interior and exterior lighting appliances and electric equipment on the body	Every 5,000 km or 3 months										
Self diagnosis (Check fault information with special diagnostic equipment)	Every 10,000 km or 6 months										
Check battery (Check the battery condition with special tool, and positive and negative terminals for insecure connection)	Every 5,000 km or 3 months										
Check headlight (Check the beam and adjust if necessary)	Every 10,000 km or 6 months										
Check A/C filter element	Every 10,000 km or 6 months										
Replacing A/C Filter Element	•	•	•	•	•	•	•	•	•	•	•
Conduct running test (performance inspection)	Conduct after each maintenance										
Visually inspect the following items											
Dust cover of transmission drive shaft for leakage or damage	Every 5,000 km or 3 months										

★: Check the quantity (of engine oil, cooling fluid and brake fluid) before each time of driving.

*1: The spark plug shall be replaced frequently if the gasoline you used contains impurities. Replace the spark plug immediately if engine rough idling is found.

*2: The fuel filter shall be replaced frequently if the gasoline you used contains impurities. Replace the fuel filter immediately if the fuel filter is clogged by impurities.

3.3 Supplementary Maintenance Under Severe Driving Conditions

The maintenance intervals are made according to the normal driving conditions. If the car is used under one or more severe conditions, the maintenance times of some maintenance items shall be added or the maintenance interval shall be shortened.

The following situations can be deemed as severe conditions:

1. Frequent short-distance drive
2. Continuous engine idle running or stop-and-go driving mode (such as taxi)
3. Driving in muddy or dusty district or environment
4. Towing car often, loading luggage on the roof rack during drive, or driving on mountain road
5. Driving under cold (below the freezing point) or hot (above 35°C) conditions for a long time
6. Driving 20,000 km each year or driving at high speed often

Item	Severe conditions	Maintenance requirements
Replace engine coolant	3, 5, 6	40,000 km
Check wheel fixing bolts	1, 2, 3, 4, 5, 6	5,000 km or 3 months
Check chassis bolts (check and tighten as per the specified torque)	1, 2, 3, 4, 5, 6	10,000 km or 6 months
Check steering tie rod (Check clearance and insecure connection)	1, 2, 3, 4, 5, 6	10,000 km or 6 months
Check suspension ball joint for looseness, and dust cover for oil leakage	1, 2, 3, 4, 5, 6	10,000 km or 6 months

Check suspension components (check bushing for aging or damage; check the torque of bolts and nuts; check levers for deformation or cracks)	1, 2, 3, 4, 5, 6	10,000 km or 6 months
A/C filter element/air filter element	3, 5	10,000 km
